

NANCY'S MONTHLY FORECAST

2015 is ruled by the vibration of the Universal Number Eight. Eight governs money, power, the sexual principle, leadership, strength, justice, manifesting and mastery of all life skills. It also relates to large corporations, institutions, heads of state and the branches and functions of government.

The Number Codes for April

April's Universal Month Number is Three, which we arrive at by adding the Eight from our Universal Year Number to Four, the number assigned to April as the fourth month of our calendar year. The sum is Twelve which we further reduce to Three. Three encourages us to be expressive, socialize and to enjoy the pleasures of life. It is the number of creativity, beauty and playfulness.

April (the calendar month) is the Fourth Month of 2015. Four as a number wants us to be prudent and economical with our finances and all of our other resources. It also encourages diligence and organizational skills.

April's (the word's) Soul Number is Ten (reducing to One) which prompts us to start over and/or begin a new cycle in our lives.

April's (the word's) Letter Sum is Eleven, the number of peace, relationships, and tests of soul mastery.

How April adds up:

Eight (our Year Number) and Four (April as the fourth month) are about money, work and discipline. Three, our Month Number, is the opposite energy. Three wants to play and have fun and has a tendency to lead us to excess and extravagance. The phrase "shop 'til you drop!" epitomizes the Three energy when out of control.

Thus, you can see there is a dichotomy between the Four and Eight's requirements for discipline, practicality and a "Let's get down to business" mentality and Three's motto, "I just want to have fun!"

Certainly, Three prompts us to treat ourselves well and enjoy life. The challenge for many of us this month is to do so without being unduly extravagant and blowing our budgets. If this occurs, next month (May) can bring a rude awakening when the bills come due.

One way of using this month's disparate energies is to find creative ways to allow ourselves to socialize and spend on the things we want while still having money left over for our financial obligations.

Three also contains the vibration of generosity. So finding ways to give that bring joy to your heart always holds you in good stead – and especially so this April.

Three can be a "lucky" number. Think positive thoughts and envision a windfall arriving at your doorstep. You never know so keep the happy possibilities in mind.

The Bottom Line This Month –

Of all the months of 2015, April most supports us in taking time away from our responsibilities to socialize, indulge in self-pampering and shop for the things that bring us joy – be it a new wardrobe, new car, or a first-class vacation with all the bells and whistles. It's also a month to allow yourself to take generosity to whatever is the next level for you. Be in gratitude and allow life to reward you with unexpected goodies!
