

## NANCY'S MONTHLY FORECAST

2016 is ruled by the vibration of the Universal Number Nine, the vibration of Universal love and brotherhood. Of all the single digit numbers, Nine vibrates at the highest level. It mandates tests of the soul and mastery of our experiences of the past eight years. Our path can present major challenges, but our rewards can be equally large. Keeping love, compassion and forgiveness in our hearts allows us to transit Nine's energy in a way that helps us to pass our tests with greater grace and ease.

### N-SIGHTS FOR JULY 2016

#### A BOLT FROM THE BLUE -- LIFE CHANGES AND TESTS OF SPIRIT

#### The Number Codes for July

July 2016 is both the seventh month of our calendar year and a Universal Seven month in our Nine Universal Year. The Number Seven is aligned with spiritual tests, access to hidden realms and the mysteries of life as well as solitary pursuits, rest, a vacation from routine, convalescence and rejuvenation.

July's (the word's) Soul Number is Three which is associated with communication, creativity, socializing and recreation.

July's (the word's) Letter Sum is Fourteen which reduces to Five, a number which encourages us to get out of our routine and seek new horizons. The number Fourteen is a number which asks us to master temperance and learning by experience.

#### How July adds up:

This month you are presented with opportunity to create your life anew. -- Old set-in-stone structures can collapse -- at least from a cosmic reference point even if not immediately visible in our 3-D world.

This shift arrives with epiphanies of dramatic insight, spiritual tests and an opportunity for a "life do-over." To accomplish this mandates that you access your source of spiritual nourishment for comfort, support and answers. Seven is an energy that requires us to take time off to reflect and rest. Through this process new ideas, insights and messages from other realms can be transmitted to you.

All of us will experience this Seven energy -- but it will affect some much more measurably than others -- at least during the month. Depending on your own personal numerology transits, the effects may take a while longer for many. This month's occurrences are also tied to September's Nine vibration of major endings and the end of a nine year cycle.

This month's energy corresponds to the Number 16 as a higher vibration of the Seven. In Tarot this is the "tower" card which traditionally has been interpreted as portending misfortune. I do not intend for this message to sound ominous. The true meaning of this sign is "enlightenment" with an opportunity arising from external events beyond your control to reinvent yourself and your life in a way that better supports you and your desires. Part of the symbolism for the No. 16 card is a bolt of lightning (an electric bolt from the blue) which in an instant can change the structure of your life.

As mentioned above, this is not a month for action, however. Let the "dust" of change settle and ponder how you want to proceed. Remember, that September is our major month of endings, and October brings us to the energy of new beginnings.

Electronics, technology and the internet are all under the umbrella of the Seven vibration. Thus this month may offer some relevant events either collectively -- or -- you may personally encounter some circumstances that you can trace to the Seven energy. I rush to emphasize that this is not necessarily a negative thing. It can actually be an opportune time for many to invest in new electronics -- or even make financial investments in companies that are electronic or technology oriented. (NOTE: I offer this insight as a numerologist. Regarding your personal investments, do your due diligence and consult with your financial advisor.)

#### The Bottom Line This Month --

This is a month to slow down and take time off from your routine if at all possible. The Universe may offer you tests and challenges. Tune in to your inner guidance and source of spiritual nourishment for insights and answers. Creative visualization can be an especially effective way to attract solutions for any roadblocks and speed bumps. See your life changing in wonderful and miraculous ways even if it seems you are headed in the opposite direction. I always recommend Louise Hay's affirmation for anything you may find troubling: "All is well. Out of this circumstance, only good will come. All is well." So be it -- and so it is!
