

NANCY'S MONTHLY FORECAST

The year 2019 is ruled by the Number Three. Three is a number that offers, at its highest level, joy, optimism, creativity, beauty and the good things of life.

The compound number for our year is the Number Twelve. Twelve asks us to pause and reflect on what our authentic values are and what truly brings us joy to our hearts. In order to benefit from the vibration of Twelve, we need to remain optimistic and on a path of pursuing our passions and speaking our truth. This is perhaps easier said than done, but well worth the effort! Imagine a world where everyone is feeling happy, loving and fulfilled. What could be better?

So enjoy the journey as this year teaches you to claim the best that life has to offer no matter what is going on that has the potential to bring you down physically, mentally, emotionally or spiritually.
