

NANCY'S MONTHLY FORECAST

2017 resonates to the Number 10 which is a number of change and energy shifts. The Ten's base number is One, which, in its best sense resonates to leadership, originality and invention. Interpreted negatively, One's energy can result in anger, aggression, violence and explosive occurrences.

In a One year, things are initiated, but seldom completed. In fact, as we are entering a new nine-year cycle, we may not get the 'big picture' of this year's events until 2025. One encourages each of us to speak up and be heard.

One is a number of manifesting. It is shaped like the magician's wand. Some say that our thoughts and desires can manifest with lightning speed this year. This can be marvelous as long as your thoughts and desires are positive and authentic to you! Practicing "the power of positive thinking" can definitely pay off in a big way.

N-SIGHTS FOR OCTOBER 2017

TEAMWORK, CHOICES AND CHANGE, PEACE AND LOVE

Holding A Vision of Peace by Andrea Smith

The Number Codes for October

The Universal Number Code for October is Twenty ($10 + 10 = 20$) which reduces to the Number Two. The Number Twenty is a number that I call the "Partner with God" number. In tarot it can symbolize turning points, decisions and adaptability. Two is the number of peace, harmony, teamwork, intuition and balance.

October (the calendar month) is the Tenth Month of 2017 which offers the opportunity for a change in fortune. Notice that this year the Ten duplicates the Universal Year number – and also continues the One energy of new beginnings that we transited in September.

October's (the word's) Soul Number is Seventeen which reduces to Eight. We are presented with the challenge of mastery of all life skills through being connected to Divine Source.

October's (the word's) Letter Sum is the Master Number Thirty-Three which reduces to Six. This number relates to being in service to humanity. Reduced to Six it symbolizes anything that contributes to abundance and well-being in our lives.

How October Adds Up:

This is a month to remind ourselves that "we are all connected." Remember, October is always "preview month" for the year to come, so these bywords will also be especially meaningful for us on a continuing basis as we transit 2018.

The recent crises from hurricanes, fires, floods and earthquakes have brought people together in teamwork and caring both to help the individuals affected and to restore property and infrastructure damage. This is both the lesson and blessing of the events that those involved are experiencing as well as all of us collectively.

The Two guides us to focus on teamwork and partnership. Thus this is an excellent month to create change in your relationships and/or professional associations, partnerships, contracts and agreements. Strive to either improve or upgrade what is working for you and to dissolve that which drains your energy.

Two is about balance. Is there anything in your life that feels or appears to be out of balance? This is an opportune time to work on these issues.

Astrologically, we have the sun in Libra this month – the sign of the scales, balance, equity and relationships, so we are further enhanced in improving these issues. At the end of the month the sun moves to Scorpio which supports major transformative change, so choose what you want to change in the early part of October and then activate your changes in the last ten days.

Two is the number that teaches us tact and diplomacy as well as supporting us in equitable settlements, so keep these in mind as you navigate the month ahead. Kindness, tolerance and generosity are bywords to live by.

The Bottom Line This Month –

Two is a number of music. To create harmony, we must first create it within ourselves. That is our assignment for October and throughout the coming year.
